“Can God really heal me?” with Heather Khym

Reflective Questions

“Earth is not our home, Heaven is the home.”

- Peter Kreeft

1. The image that we were created in is an image of Love, God Himself. And He desires deeper relationship with us and He is constantly pursuing us. Have there been times that you have felt God’s desire to be closer to you? How have you responded? How might God be calling you to move closer to Him in this current season?

2. Heather mentions how Adam and Eve walked in the Garden and spoke with the Lord. It sounded like an easy relationship, like any conversation they had with the Lord was natural and easy, and free-flowing. How do you enter into conversation with the Lord? What comes naturally for you when you speak with Him?

3. Heather mentions that it’s important to remember our goal is eternal life with the Lord in Heaven. How can remembering this help you in your current season and struggle?

4. God wants to bring us comfort in our pain and struggle. Have there been times where you have closed yourself off to Him and maybe made it more difficult for Him to enter that situation? What are some ways you can make yourself more available to Him now, for Him to come to you and bring you comfort?

5. Miracles are still happening today. Heather shared the story of her dad’s miraculous healing. What can you takeaway from this story? What might God want you to know about Him through this story?

6. God does not always work in our lives in the way that we are praying for or hoping for. Yet, we know He loves us. We know He has a greater plan,

even if we cannot understand it right now. What are some ways you can grow in your trust in the Lord right now? What are some ways you can learn more about His heart, who He is?
